\$225/week

Panasonic AG-HVX200K 3-CCD P2/DVCPRO HD Camcorder

Circa 2002

The Panasonic AG-HVX200K 3-CCD P2/DVCPRO HD Camcorder answers the demands of the professional Forensics HDTV photographer with a compact and feature-packed acquisition tool. The camera is compatible with DVCPRO HD, DVCPRO50, DVCPRO25 and consumer DV recording standards. It uses three 1/3" CCDs for true 16:9 recording. It has a wide angle Leica Dicomar 13x zoom lens with advanced glass coatings. The most significant advance is that it uses P2 memory cards for recording. This disk-based recording medium makes the video immediately accessible to nonlinear systems, leaving behind the digitizing process that tape always required.

What's in the Kit:

- 1 Panasonic AG-HVX200K

- 1 Panasonic 16 GB P2 Card
- 1 Panasonic 4 GB P2 Card
- 1 Neewer CN-126 LED Video Light
- 1 Sony ECM-NV1 Shotgun Mic w/ Windscreen
- 2 Li-ion Batteries
- 2 Panasonic Camera Remote
- 1 Panasonic Battery Charger w/ Camera Charging Cable
- 1 Sony Mini DV
- 1 P2 Card Reader
- 1 Hard Camera Case
