Argus Automatic 8

Here is movie-making in its simplest form. Just push a button and sparkling movies are yours -to be enjoyed for many years to come. No winding, lens setting, or complicated adjustments. It's all done for you, automatically.

The important parts of your camera are shown at left.

Read these simple instructions over carefully before you try your first roll of film. Your Argus dealer can supply you with batteries and film and will be glad to answer any questions you might have on using your

camera.

Minor changes in the appearance of this movie camera may not be included in the illustrations in this folder.

Your Automatic 8 uses standard double 8mm roll movie film. Use daylight or indoor films which have ASA film speeds of 10, 16 or 20, 25, or 40.
