Zoom H2next Handy Recorder

Contact for pricing

The H2n Handy Recorder is the only portable recording device to come with five built-in microphones and four different recording modes: X/Y, Mid-Side, 2-channel surround and 4-channel surround.

Other advanced features include:

- automatic gain control and onboard MS decoding
- effects like compression, limiting and low cut filtering.
- you can use the H2n as a multi-purpose USB microphone!
- Live recording of concerts and rehearsals, in either stereo or surround sound
- Location videography—the H2n gives you plenty of options in postproduction
- Create audio for YouTube videos
- USB microphone providing input to recording software
