Portable Oxygen System Tank Cylinder With Wheeled Cart

CA\$15 / week

Portable Oxygen System Tank Cylinder With Wheeled Cart & 15 LPM Regulator

Oxygen carts, also known as cylinder carts or oxygen tank carts, are used to transport highly flammable oxygen canisters and cylinders safely from one place to another. Available in a wide variety of sizes to accommodate multiple purposes, oxygen carts are designed for secured single, double, or multiple canister carrying and storage capabilities, and are utilized by hospitals, long-term care facilities, clinics and at home.
