Coleman Model 222A Easi-lite Camping Lantern

CA\$5 / week

Coleman Model 222A Easi-lite Camping Lantern

lantern is wired to use Sylvania K568 bulb

Burns for more than 5 hours on high with light output nearly equal to a 50-watt bulb--plenty of time and light for cooking and setting up camp

"Easi-lite" is easy to start--just light a match and turn the light control knob

Light output control knob allows for use of variable light levels to conserve fuel

Inner coated fuel tank and porcelainized ventilator resist corrosion and extend the life of the lantern

Wire handle can be used to carry the lantern or hang it at camp

Best Use

Camping
