Fog Machine - FG-1000

CA\$20 / week

The FG 1000 is a semi-professional model fog machine . It is 1000 watts, compared to the consumer machines that are 400 and 700 watts. It will generate fog at 400 cbm/min It also has a hard-wire cable remote. It is used in night clubs, discos, haunted houses and for events. A manual fog button provides easy control at your fingertips and the LED-illuminated tank enhances operation and safety indicating heater status and fluid levels. The machine has ultra-fast heat up time for a quick setup and residue-free water-based fog output.

Features:

- Compact, lightweight fog machine emits thick bursts of fog to enhance any light show
- Operate the machine from a distance using the included wired or wireless remote
- Always Ready technology provides fog on demand
- Manual fog button provides easy control at your finger tips
- LED-illuminated tank enhances operation and safety
- Ultra-fast heat up time for a quick setup
- Residue-free water-based fog output
