Sterile Empty Glass Vial for Injection 10 mL

CA\$1 / week

Sterile Empty Glass Vial for Injection that meets CGMP Requirement Standards. Empty Injection Vials are sterile and nonpyrogenic. Used for mixing different medications and drugs for injection. The vials contain a plastic protective cap which can be removed prior to using the vials. The sealed top provides easy needle insertion, while keeping the injected liquids safely contained for mixing.

Inspected by the FDA
cGMP Compliant
Drug Master File (DMF) III Compliant
