Classic 3 speed bicycle

Built by Raleigh in England for the Canadian market. This bike is solid and functions perfectly, no squeaks, no rattles. Rides like new and it's all original. Internal Sturmey Archer 3 speed hub changes gears easily with thumb shift lever. Chrome fenders are rust free, and the entire bike is in amazing condition considering it's age. Brooks sprung mattress saddle. Frame pump. Rear rat-trap carrier. Head and tail light. Bikes like this are becoming very rare.

This bicycle was branded for the Eaton's department stores. It's a Tru-Line Glider with a 21" frame.
