Forensic Photo Scale Ruler, 6" Vinyl

CA\$3 / week

Forensic Photo Scales/Rulers for crime scene documentation

Rulers 15 cm/6 inch

PVC (vinyl) rulers with on one side a scale of 0-15 cm and on the other side 0-6 inch.

Ideal for use in evidence photos, these 6" vinyl scales are available in black, transparent, white, gray, blue, yellow, and assorted, for ideal contrast in nearly any situation. Measurements are in both inches and millimeters and crosshair circles at each end assist in photogrammetry corrections. The flat color and non-glare plastic reduce reflections. A blank area in the centre of each scale can be used to write initials, case number or other pertinent information.
