## Fenix CL30R Camping Lantern

CA\$8 / week

Fenix CL30R

The Fenix CL30R rechargeable camping lantern offers maximum flexibility in power and lighting. This versatile lantern allows for recharging via a micro-USB port, but also has a standard USB port which allows you to charge other electronic devices. Powered by one, two or three 18650 rechargeable batteries, in a cold-resistant battery compartment for all-season use, the Fenix CL30R lantern delivers a maximum output of 650 lumens, which illuminates an area 115 feet in diameter.

- Max 650 lumens, wide-range and high-intensity illumination
- Integrated Micro-USB charging with battery level indicator and low-voltage warning function
- 35-meter diameter wide-range beam
- Waterproof to IPX-7 standard
- Reverse polarity protection, to protect from improper battery installation
- Tripod socket for easy attachment
- Single button switch for easy and fast operation

Batteries:

- Up to three 18650 rechargeable Li-ion batteries (included). Power type: rechargeable Li-ion batteries.
