

Scan w/camera phone

## Epic Sci Fi Space Booth with Door

\$300 each

Epic SciFi element - perfect for long space naps, teleporting, or even phone calls in noisy areas. Very well made.. and pretty darn heavy. We keep it on a cart which makes it. easy to move around.

Frequently used in our noisy warehouse to make quiet phone calls.. but could also be laid on its side for creative uses.

Scenery Saver Transportation recommened.
