THIS IS A FABRICATED RENTAL ITEM

Cinema Greens is home to a team of expert fabricators who pour our Pine tree skins in our Atlanta Moldshop. Using both inherent and hand-painted (pattern) colors our tree skins look real!

Each panel measures at 4' x 10' and is able to be connected to your project in a variety of ways; your sales rep will go over your specifics with you. We incorporate a nylon mesh as well to aid in hanging the product for temporary uses and avoid tearing.
