## Birch Tree Skin 111" x 37"

### Contact for pricing

This is a Fabricated rental item

Cinema Greens is home to a team of expert fabricators who pour our Birch and Aspen tree skins in our Atlanta Moldshop.

Using both inherent (white) and hand-painted (pattern) colors our tree skins look real! Each panel measures at 4' x 10' and is able to be connected to your project in a variety of ways; your sales rep will go over your specifics with you. We incorporate a nylon mesh as well to aid in hanging the product for temporary uses and avoid tearing.

111" x 37" Panel

URETHANE OR LATEX - NON IFR white tint and Handpainted.

This item is also available for purchase here.
