Grape Wood

Contact for pricing

This is a natural product rental item. From the Napa region in northern California, these are real grape vine sections from old harvest wineries. We have based them in weighted pots as they would have grown in nature. These can be wonderful additions to wine or food themed events, especially when combined with our faux grapes and grape garlands. Great table toppers that offer a blank canvas to add floral, crystals, etc.

A note: our natural products such as cholla, manzanita and ghost wood are ethically harvested from overgrowth areas in the CA deserts where the DNR has deemed areas need to be thinned out to aid in fire suppression efforts. Our cutter has the proper state licenses and permits.

42" W x 42" H

POTTERY Grape Wood come in small weighted black pots; these are meant to be placed into decorative pots or hidden. You may add Decorative Pottery directly to your quote or, if none is selected, your sales rep will help you make your selections before providing your estimate.
