This is a handbuilt rental item.

Our Handbuilt Dogwood Blossom Trees are breathtaking in their beauty. They are handbuilt with a real wood trunk, secure steel base and hand attached premium blossoms.

The weighted bases are steel and are meant to be dressed. We suggest adding moss, decorative flowers or small draping plants like Boston Ferns to create a one of a kind look. You can also raise them up with our risers, add dazzling pinlighting or uplighting.

8' Tall

Specifics: Free Standing; on weighted steel base
