1989 Yamaha Ow 01 Fzr750R Homologation Rare Collectible Motorbike Usa Ver

Contact for pricing

Show / Static Use. (No fluids). 1991 Yamaha OW01 Homologation motorbike. Very rare factory race bike and a MUST HAVE for a collector character or WOW factor bike for a movie, film or commercial. It is in amazing condition and shows like new. These bikes came in a US Version and a EURO version, the main cosmetic difference is that this one (USA version) has the sunken back headlights and taillight that sticks out a bit whereas the EURO version (also rare) has a smooth front headlamp area and a smooth taillight section. We have BOTH versions if you really want to wow the audience.
