### Relax

Grand Tides is a place for the young at heart; a retreat for couples who seek a renewal of the spirit and a return to the innocence of falling in love for the very first time.

Grand Tides may be the world's best location for secluded, sumptuous private lunches complete with the finest wines from around the world. Champagne, succulent meats, and tantalizing pastries dropped off for you by boat or cart. Whether you choose to dine on one of our 14 private beaches, or relax in front of your private cottage ("bure"), you'll understand why our picnics are a guest favorite, and our locations are some of the most romantic on earth.

Every night there is a dinner party held at several different locations around this private island.

Whether the party is dining in the garden, the top of Mt. Ford, or at one end of the beach or the other, a sumptuous cuisine and an unlimited supply of fine wines and cocktails are served under the stars and lantern light. In addition to this there is the prospect of guests enjoying remote private dining for two in romantic and intimate settings.

The meals are exquisite and our remote dining sites are always unique... equalled only by the warmth and charm of our Turtle family.

The menu may include freshly-caught crab or lobster, prime Australian beef, vegetables from our four acre organic garden and tropical island fruits.

Our wine list has a reputation as the finest in the South Pacific. After dinner, enjoy the talented, entertaining Fijians as they perform their favorite songs and dances.

### Romance

A romantic honeymoon should be your own private heaven.

A place where romance wraps around you like a cloak; where you need make no decisions; where everything is provided for you, yet solitude is an easy to find as the sea.

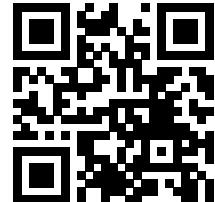

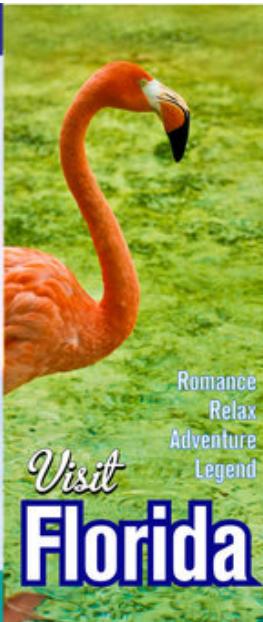

This is why Grand Tides Fiji is the perfect getaway for newlyweds. What more perfect place to celebrate love than in our hidden Edens of private beaches, dark-leaved jungles, and sky-blue waters.

Imagine waking hand-in-hand along one of the most beautiful coastlines in the world, heading back to your secluded cottage ("bure") to be greeted by a spacious, romantic, and relaxing atmosphere glittering with sun and a flush of jasmine-scented air over the bed.

In the mornings, you'll be served a breakfast of fresh fruits, cereals, pastries and muffins fresh from the oven, and specially prepared delights like a lobster omelet. You can enjoy this divine meal on the beach in front of our main Resort with the other island guests, or you can enjoy it in a quiet spot under palm trees in front of your bure.

From there, the day lays itself out before you like a magic carpet.

Your time on Grand Tides is your own—navigate a sailboat around the lagoon or let it float lazily in the sun, snorkel among bright clouds of fish,ander through the rolling soft sand banks, or explore a green-shaded jungle trail. The options, just like your new life, are wide open.
