Incinerator

Contact for pricing

****THIS IS NOT A STANDING SET****

Rusty, grimy, and built to burn! This full scale faux incinerator looks like it's straight out of an industrial nightmare. Aged brickwork, bolted iron doors, and soot-stained vents sell the illusion from every angle. Perfect for prison, asylum, factory, morgue, horror, or dystopian basement sets.

from [Fennick Studio Props](#) in Passaic, NJ
