Fully Functional

This Magnavox stereo system was the crown jewel of any '90s living room, right next to the fake ficus and the remote nobody could ever find.

With a turntable, dual cassette deck, and enough buttons to fake knowing audio engineering, it was less "hi-fi" and more "don't touch that, it's your father's."

from [Fennick Studio Props](#) in Passaic, NJ

Size 14" w × 14" h × 15" d

Qty 1

Condition Good
