8mm Movie Camera

Contact for pricing

Functional

The Bell & Howell Optronic Eye Duo Speed Zoomatic, introduced in the mid-1960s, is a well-regarded 8mm movie camera known for its advanced features for the time, including automatic exposure control (Optronic Eye) and dual-speed zoom functionality. This camera was designed for amateur filmmakers looking for high-quality film recording with ease of use, featuring a sleek design and reliable performance. Ideal for movie or TV sets depicting 1960s filmmaking technology, it adds an authentic period detail to any production
