Polaroid/Instant Film Camera

Contact for pricing

Functional

The Polaroid Land Camera Automatic 220, produced between 1967 and 1969, is a folding packfilm camera with automatic exposure and a 2-element plastic lens. This model uses 100-series peel-apart film, requiring the user to manually pull and separate the film for development. Ideal for movie or TV sets depicting 1960s photography, it adds an authentic touch of vintage instant photography to any scene.
