1K Fresnel

Contact for pricing

The Bardwell & McAlister 1K Baby Fresnel, introduced in the 1940s, is a classic lighting fixture renowned for its durability and precise beam control. This iconic light features a 6-inch Fresnel lens, making it a favorite for creating dramatic lighting effects on film and television sets. The Baby Fresnel is often used in period pieces and vintage-themed productions due to its authentic design and reliable performance.
