RCA Victor SCP-2 4-Track Stereo Recorder

Contact for pricing

The RCA Victor SCP-2 is a 4-track stereo recorder, notable for its advanced technology and high-fidelity sound recording capabilities for its time. The device features a built-in speaker system, control knobs for adjusting record levels, and phono/mic inputs. The unit includes a tape cartridge slot, making it convenient for recording and playback.

This recorder's sturdy metal casing and practical design reflect mid-20th-century innovation in audio recording technology. Perfect for film or TV sets depicting studios or home environments from the 1960s to the 1970s, the RCA Victor SCP-2 adds an authentic period detail to any production, showcasing the era's dedication to high-quality audio recording and playback.
