## NYC Subway Entrance

### Contact for pricing

This NYC subway entrance features green railings, illuminated globe lamps and a faux concrete base. All of it made from wood because movie magic doesn't need to weigh a ton. Ideal for crime scenes, dramatic goodbyes, or a character realizing they've been on the wrong platform their entire life.

Front Subway station graphic is removable.

Railing height is 45" tall

Subway station graphic area is 61"W x 25.25" tall

Green and White globes are powered.
