Police Barrier

Contact for pricing

This vintage police barricade, painted in a weathered light gray with black stenciling reading "Police Line - Do Not Cross," is a classic prop ideal for film or TV sets depicting crime scenes, police investigations, or urban law enforcement activities. Its aged look and sturdy construction lend authenticity and historical accuracy, making it suitable for both period pieces and contemporary dramas. This barricade enhances the realism of scenes requiring a genuine representation of police cordons and public safety measures, contributing to the immersive experience of the production.
