## Vox Super Beatle Amplifier

### Contact for pricing

The Vox Super Beatle Amplifier, introduced in 1964, is a legendary piece of musical equipment known for its distinctive diamond grille cloth and large chrome stand. Originally designed to meet the high-volume needs of British Invasion bands, it features a powerful 120-watt output and a variety of built-in effects, including reverb, tremolo, and mid-range boost. This amplifier became famous for its use by iconic bands such as The Beatles and The Rolling Stones.

Perfect for film or TV sets depicting rock bands, music studios, and concert scenes from the 1960s to the present, the Vox Super Beatle Amplifier adds authenticity and a touch of rock history to any production.
