Dental & Arm Jeweler Hand Drill

Contact for pricing

Functional

The Emesco Dental & Arm Jeweler Hand Drill set is showcasing a chrome-finished articulated arm, a motorized pulley system, and a foot pedal for precise control. This vintage dental/jewelery tool, complete with its original packaging, reflects mid-20th century craftsmanship and technology. Ideal for movie or TV sets depicting historical medical or dental practices, it adds an authentic and intriguing touch to period scenes.
