Deli Counter Cooler

Contact for pricing

This deli counter cooler belongs in the kind of place where someone walks up and says, "I'll take my usual." Madone! It can hold all the gabagool ☐ supersod ☐ , capicol ☐ and provolone ☐ your scene needs.

Perfect for corner delis, butcher shops, or any set where the cold cuts come with side eye and a story. Just tell Karen to keep stirring the sauce while you're gone (that's a Goodfellas reference if you didn't know).
