Autoclave/Sterilizer

Contact for pricing

Sterilization chamber? Torture device? Both? This industrial autoclave has seen more scalpels, bone saws, and questionable experiments than a season of whatever Ryan Murphy fever dream is currently airing. Perfect for hospital basements, decommissioned labs, or any scene where the stainless steel still looks too clean.

from [Fennick Studio Props](#) in Passaic, NJ

Size 27" w x 53" h x 34" d

Qty 1
