5850W 9-Light Blinder/Fay

Contact for pricing

The Mole Richardson 9 Light Molefay, introduced in the 1970s, also known as a "Fay Light," is a robust lighting fixture that houses nine 650-watt bulbs, providing a powerful, broad wash of light at 5850 watts. This unit is widely used in the film and television industries for its ability to simulate daylight and fill large areas efficiently, making it ideal for both studio and location work.
