Sling Collection "Mesa Redonda" by Don Shoemaker for Señal

\$900 / week

An F-12 dining table from Don Shoemaker's Sling Collection, this round table makes an intriguing statement from any angle. The tabletop is supported by a deeply recessed cluster of four sculpted legs in cocobolo, a Mexican rosewood variety, with four feet forming an X-base in matching wood. The round table surface has marquetry inlaid in a repeating herringbone motif; the highly figured grain lace with lighter areas of sapwood making the geometric pattern seem playfully organic. Retains a label from Señal Shoemaker's workshop, underneath the tabletop. Condition: Excellent restored condition; tabletop and legs have been professionally refinished and oiled. Small chips to paint can be observed on edges of table. Dimensions: 39.25" diameter x 28.5" height
