Ultrasound, Sonosite iLook w/Rolling Stand/Printer. This complete ultrasound system comes in either the Titan or Micro-Max version. Both systems come with a 15" LCD monitor as well as the portable ultrasound wand that docks into the rolling stand. Both the LCD and laptop-like ultrasound screen are real working units. You can either use it "live" on your actor to get a real internal reading on both screens or plug in standard playback video into the LCD screen to get pre-programmed images.
