12-lead EKG - GE MAC 5000

Contact for pricing

EKG 12-Lead, GE Mac 5000 + Patient Cables + Stand.
This EKG unit comes on a rolling stand, but can be removed to be used on a tabletop if desired.
Accessories include 12-lead cables with alligator clips to attach electrode stickers to the patient, as well as a heart rhythm simulator and cables to simulate the 10" screen. (Both pictured units are GE MAC 5000s, but they are from different years with slightly different designs.)
