Patient Monitor - Siemens SC9000XL

Contact for pricing

Patient Vitals Monitor, Siemens, SC 9000XL. **Limited Quantities Available** The Siemens SC9000XL Patient Monitoring System can display various vital sign waveforms including 5-lead ECG, oxygen saturation (SP02/pulse oximetry), respiration rate, as well as blood pressure. This working monitor can be used as a "live" patient/actor hookup, displaying actual human vital signs in real time. This particular model includes a built-in DEMO mode that fills the screen with a variety of waveforms and vitals. Each unit includes 5-lead ECG cables, SP02 cable and finger probe, blood pressure cuff with cable and Red Dot ECG electrode stickers. (Rolling stand not available for this monitor)
