Kit - 49' Wide body - LA

Contact for pricing

“Kit” Airline cabin mockup – Wide body: 49'-long, narrow two-aisles.

The set can accommodate 17 rows of seven (2-3-2) across “767” Coach / Economy Class seats or 12 rows of six (2-2-2) across Business Class or five (2-1-2) across “AA” First Class seats or eight rows of lay flat seats.

Landing site preparation: Production is to provide a wood stage floor or 20' W x 52' L x 1.5" D plywood wood floor (a double layer of 4' x 8' x 0.75" plywood screwed together (using 1-3/8" screws, 12" apart along the outer edge), one layer run off-set & perpendicular to the other, so as to not have the joints line up) and carpet. ~~~

Cabin features passenger-controlled overhead bins, window shades, reading lights, and flight attendant call light. LED cabin wall wash lights. Oxygen mask drop, 'Fasten seat belt' and 'No smoking' signs are controlled offset. This is a supervised set that includes an Aero Mock-Ups Technician.
