Lear 60XR - Cockpit & Cabin - LA

Contact for pricing

"Lear 60XR" Cockpit and Cabin (2 parts) mockups – Small Private Jet – 2 Crew, 7 passengers - (circa 2005-2013):

Cockpit, "Glass" panel - Four dimmable 6" x 8" digital flight information displays (monitors) and LED instrument panel. Practical warning lights and multiple interactive knobs and controls.

Cabin - Four club-facing seats with sided wall tables, three-place sofa, forward wall cabinets, refreshment center/bar, lavatory, and rear cargo compartment with camera port. Well-appointed with Audio, Visual and lighting options.

Windows are not removable. The Cockpit and the Cabin do not wild-out. ~~~

Built by the aircraft manufacture to accurately simulate the production version of the Learjet 60XR Cockpit and a well-appointed modern cabin interior.
