## Vintage EKG, Vintage Heart Machine

### Contact for pricing

This EKG is in excellent condition, and looks great for dressing (non-working). We tried to research the date. We found an issue of Electronics Magazine 1953 with an advertisement for this GE EKG. We also found a US Government medical approval use document for 1954. So our best estimate is 1953/1954, and it was in use throughout the 1960's.
