1964 Norelco PC-60 Camera, Studio Cameras, Television Cameras

Contact for pricing

The PC-60 was a color TV featuring the Plumbicon tube. It had a B&W viewfinder. Practical! The Tally lights work, the viewfinder works, and you can film through these cameras! We upgraded them to HD. They now have an output of 1024x768. This camera was used from 1964 through the 1970s and into the 1980s in some studios.
