Full-size Hospital: it is fully dressed and decorated with working medical equipment! Beds, carts, IV Poles, wheelchairs, gurneys, etc. It has 2 or 3 patient rooms (depending on configuration). It has 5 hallways, a Nurs's Station, a large set of cabinets with a sink, medical supplies, a supply rack, one very large long hallway. It can easily be rearranged to customize the look for your production. There are large windows in the main patient room that can be used to cast "sunlight" into the room. You can also customize the set, using different furniture an an add'l chg, for a new unique look! You can also choose from over 500 additional Hospital Props that are available for rent ala carte for an add'l charge. This includes PRACTICAL & Working: EKGs, Ultrasound, MRI and CT Scanner with working tables, Vital signs units, Cleared X-Ray images, etc. Browse our Hospital & Medical props to see them
